THE MOST VALUABLE INVESTMENT IS QUALITY!

Has been and always be “The Mission of TEMMER”

TEMMER the natural stone specialists have decades of experience in the Natural Stone industry, with a passionate and experienced global team, serving international designers and architects, fulfilling projects for private clients, hotels, commercial and resorts worldwide.

Our team includes architects and CAD specialists ensuring that we are at the forefront of clients, designers and architects needs and their technical expectations are met at all times.

TEMMER owns four large quarries, and a state of the art stone processing facility in Turkey, which supplies material to around 50+ countries in the global market place.

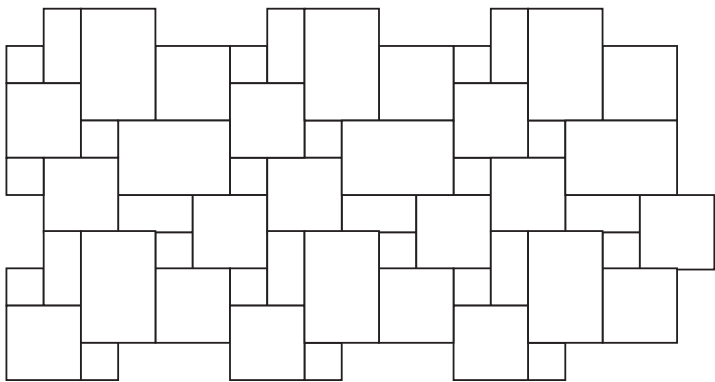

We have purpose built showrooms in the following locations; LONDON, ATLANTA and ISTANBUL, as well as specialist team members covering Russia, India, China and the rest of Europe, In addition TEMMER have two very well stocked slab galleries which serves international visitors all year round, all supported with sampling and marketing materials to help in the selection choice for any project.

TEMMER has specialist quarry operators which enables us to process blocks, slabs and cut to size materials ensuring consistency and control from start to finish, as well as expertise in managing global transport links to the rest of the world, ensuring a seamless service.

We collaborate with stone installers to provide a turn-key solution for projects, including site surveys, templating and installation to ensure the efficient management of each proje.
